Studio monitor speaker clearance

QUESTED Q210 active monitor system

Although perfectly suited to soffit mounting, the Q210's compact dimensions and rotate able mid-hi baffle make it ideal as a mid-field monitor when main monitor performance is required. It may be used in isolation or combined with the QSB1115 sub-woofer.

The monitors are supplied with a separate dedicated electronics package, 19" rack mounting power amplifiers and electronic crossover / loudspeaker management system. (RSP \$51,000)

Costs as indicated exclude GST.
and are in AU\$; quoted ex-warehouse.

As ATT Audio Controls is no longer the appointed agent for Qusted, we are clearing all our stock. There is nothing whatsoever wrong with the items offered and they will be covered with a 12 month warrantee from date of purchase (Australia only). Some of the units have been demonstrated and have therefore been out of their cartons (all packaging included) but other than that are all in as new working order.
